Joe DiOrio

Tips for Successful Racing & Equine Photography

We lifted this from Joe's website - it is well worth the trip there to see his fantastic shots
<http://www.winningimages.biz/index.html>

Joseph V. DiOrio is an award-winning commercial photographer who specializes in equine images, portraiture and wedding photography. He is a member of the Professional Photographers of America (PPA) and Florida Professional Photographers (FPP).

For more than three decades, DiOrio has covered major racing events including the Kentucky Derby, Belmont Stakes and Breeders' Cup. He has dedicated his talents to photographing horses in the mornings on the backside as well as in action-packed races. DiOrio's work has been featured on the covers and pages of books as well as many major publications including Horsephotos.com, Daily Racing Form (DRF), Racing Post (Europe), The Blood-Horse, Thoroughbred Times, and Florida Horse.

When not shooting horses, DiOrio delves into another aspect of his artistic vision—revealing portraits which display the inner personality of those he photographs. His sensitivity and skills are especially evident in the creative photography he uses to capture the essence of individuals during one of the most momentous occasions in their lives-- their wedding day.

Nothing escapes his discerning eye including children and beautiful scenery and landscapes.

Thanks to Don Mills for an insightful and provocative critique of the club submissions in this competition. There was a quite a lively discussion surrounding the topic and our interpretations of it and Don facilitated it well.

We're looking for more slide shows - sign up....

First Thursday

Sep 1 - Thank you John Robinson for the primer on calibration.

Oct 6 - Taking Control - learning how to use your camera. Club members will be on hand to help us to use our stuff to its maximum potential. There will be hands-on opportunities and a chance to ask questions. Bring your equipment.

Nov 3 - Painting with Light (tentative). A chance to use this technique to create different images. Bring your camera.

Dec 1 - Lighting - how to use it to your best advantage.

Come join us on the first Thursday of each month at the church for a more informal, interactive meeting. This is a great venue to ask questions about your gear, about how to improve your technique - bring samples of your images to share and compare.

The group convenes at 7.00 pm.
